Mfg No. DISPWIRE

DISPOSABLE GLOVES

NITRILE GLOVES

FEATURES:

- A non-allergenic, non-irritating, and non toxic premium alternative to latex gloves
- Tight fitting, puncture resistant (NOT PUNCTURE PROOF)
- Available only in powder free (PF)
- Exam grade gloves are non-sterile ambidextrous gloves that are 510(k) cleared for medical use. They are intended for single use only

LATEX GLOVES

FEATURES:

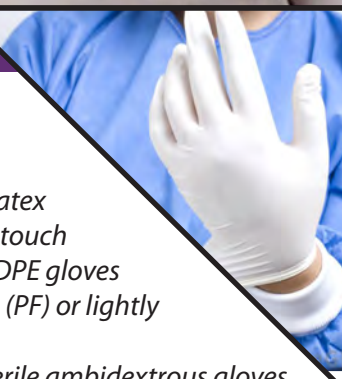

- Made of the highest quality natural latex
- Ideal for food service use, housekeeping, industrial clean rooms and assembly areas
- Provide a snug comfortable fit, improving dexterity, and touch sensitivity
- Available in either powder free (PF) or lightly powdered
- Exam grade gloves are non-sterile ambidextrous gloves that are 510(k) cleared for medical use. They are intended for single use only

VINYL GLOVES

FEATURES:

- ideal for general food service
- An economical alternative to latex
- Offers improved dexterity and touch sensitivity over looser fitting LDPE gloves
- Available in either powder free (PF) or lightly powdered
- Exam grade gloves are non-sterile ambidextrous gloves that are 510(k) cleared for medical use. They are intended for single use only

SYNTHETIC GLOVES

FEATURES:

- Not made with natural rubber latex
- Slightly tighter fit than vinyl gloves - perfect for general food service
- Available in either powder free (PF) or lightly powdered
- A great alternative to latex gloves with improved dexterity over looser fitting poly gloves

POLYETHYLENE GLOVES

FEATURES:

- "Loose fit" poly gloves are perfect for fast food and buffet serving lines when frequent changes are required.
- Cool, soft, and comfortable gloves hotcast embossed poly (OEG)
