BY Market PRO

What Challenges does your facility face?

Satisfying the public with a fresh smelling facility may be a challenge.

Maintaining a fresh restroom throughout the day.

Improving the overall scent of your facility.

Reducing your environmental impact.

Enhancing product quality while reducing costs.

...PJP IS HERE TO HELP!

Introducing the Easy Fresh Air Freshening Unit from Fresh Products

- Easily the best – each COVER is composed of a unique material containing twice as much fragrance as most other air fresheners which is released over 30 days.
- Instead of unlocking a dispenser, unloading the old refill, loading the new refill and replacing the cover, you just take off the old cover and replace it with a FRESH one!!!
- Light sensor technology – only runs the fan when the lights are on extending air freshener performance to a full 30 days and battery life to 5-6 months.
- Eco-friendly – Easy Fresh refills are 100% recyclable and VOC Compliant. Manufactured with over 50% less energy than typical plastic or steel containers

the cover is the air freshener!
