A new manual system that sets the standard for dispenser and refill engineering, and soap and hand sanitizer science. The sleek lines, large sight windows, robust construction and sustainability features of this new GOJO foam soap and hand sanitizer dispensing system calls attention to hand hygiene and skin care solutions that are boldly different.

From concept through final design, the manual ADX Dispensing System from GOJO was built for reliability and ease of servicing, and to reflect the GOJO commitment to sustainability.

In addition, we've made dispenser customization easy. Learn more about industry-leading innovations for these new systems in formulation science, dispenser engineering and sustainable design from your PJP Sales Representative.

Compact 700mL dispenser is ideal for tight spaces. **Lifetime Performance Guarantee**; including batteries. GOJO SMART ELECTRONICS technology minimizes energy use per actuation, eliminating need to change batteries over the life of the system in most installations. Large sight window, skylight and clear refill bottles make it easy to check fill status. CONTROLLED COLLAPSE refills hold their shape as they empty for a more attractive appearance. Easily converts to locking dispenser. Removable pump makes recycling easy. SANITARY SEALED™ refills made of durable, recyclable PET material, using 30% less plastic than rigid HDPE bottles. Fully ADA compliant.
