HAND HYGIENE

Cambro Handwashing Station

At off-site catering events, fairs and other venues where running water is not readily accessible, health inspectors take a closer look at hand washing as it is an important, yet often overlooked part of your operation. Being able to wash your hands with soap under warm running water is no longer a point to squirm about when you have Cambro's handwash accessory. Simply strap it onto your existing Camtainer to set up an instant handwash station!

See you rep about our portable handwashing options

ULV Cold Fogger/Sprayer C100+

POWERFUL AND DURABLE ULV COLD FOGGER WITH ADJUSTABLE DROPLET SIZE

Tank Capacity -4Liters
Power :220V/110V
Motor: Samsung 1250W
Flow Rate: 60LPH
Droplet Size: 5 - 50 microns
Net Weight: 3.5kg
Dimensions 52 x 30 x 16

One of the most powerful and durable ULV machines of its size in the market, the C100+ has been equipped with a new air intake, reducing the core temperature of the fogger by 28%, enhancing its performance in long working conditions. Fitted with a new larger 4 litre tank and our exclusive 1250 Watt Samsung motor, this fogger can produce a powerful flow rate between 30-60 LPH and can easily cover an area of 100 m² in less than a minute. With an adjustable droplet size between 5-50 microns and spray distance of up to 8 metres at an angle of up to 80°, this fogger will be able to perform the most demanding of jobs with ease.

Hypochlorous Acid (HOCl) can effectively eliminate bacteria, fungi, viruses and spores. It combines properties that as a single anti-microbial element are limited. However, the combination of a high Oxidation-Reduction Potential and Free Available Chlorine amount creates a safe, fast-acting, cold anti-microbial solution superior to chemicals.

Safe-T-Gard Door Tissue

Converts restroom doors (or any doors) into a Touch-Free Exit

PJP# 166310

Mfg# 10440

SAFE-T-GARD® DOOR TISSUE DISPENSER
REFILL. WHITE, 8,000 SHEETS PER CASE

Mfg# 59502

SAFE-T-GARD® DOOR TISSUE DISPENSER
AND TRASH RECEPTACLE
Stainless Steel Finish

Product Overview

Safe-T-Gard™ interfolded tissue dispenser and receptacle system is perfect for any facility where hygiene and washroom image is a primary concern.

This convenient system converts restroom doors into touchless exits or provides a hygienic barrier and eliminates the need to leave a trash receptacle by the door. The trash receptacle accepts a standard can liner to promote cleanliness.

Product Features

8000 tissues per case and dispenser that holds 400 makes for efficient storage & infrequent restocking

Converts the restroom door into a touch-free exit
Enhances the hygienic perception of the washroom
& promotes cleanliness

High quality 2-ply tissues are substantial yet less costly than paper towels

Serves as a hygienic barrier between clean hands & doors

Fragrance	None
Case pack	12/80 (960)
Case per skid	50 CS

Surface Sanitizing Wipes

Product # 103S

No Rinse Sanitizer for food and non-food contact surfaces

This product is a non-woven, disposable wipe, pre-saturated with a versatile broad-spectrum sanitizer that has multiple uses on a wide variety of surfaces. This product was tested in accordance with AOAC methods and meets EPA requirements for sanitizing previously cleaned, food-contact surfaces.

Sanitizes Hard Non-Porous Surfaces:

- Food Handling and Processing Area
- Convenience Stores
- Restaurants
- Cafeterias
- Grocery Stores
- Kitchens

Note: Not for personal cleansing.

When Used As Directed It Sanitizes:

- Staphylococcus aureus
- Klebsiella pneumoniae
- Escherichia coli

Features and Benefits

- **Kills 99.9% of bacteria** in just 30 seconds.**
- **Kills 99.999% of bacteria* that can cause food borne illness on hard, non-porous surfaces in just 1 minute.**
- **No rinse formula, does not require a potable water rinse after using**

Properties

Appearance..... White cloth
 Fragrance..... None
 Specific gravity..... 1.0 (liquid)
 pH..... 5.5 – 9.0 (liquid)
 VOC content..... <1.0% by wt. (liquid)

Directions

Complete directions on product label

For sanitizing, apply to a pre-cleaned surface. Allow the surface to remain wet for 60 seconds. Let surface dry. No potable water rinse is necessary.

Authorizations

EPA registered #1839-221-87815

Active Ingredients

Amount Active

Didecyl dimethyl ammonium chloride..... 0.024%
 Alkyl (40% C12, 50% C14, 10% C16) dimethyl benzyl ammonium chlorides..... 0.016%

Safety

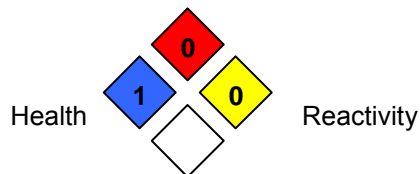

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Do not use for cleaning or sanitizing human or animal skin. Keep out of reach of children.

Packed 200

#167568

WIPER FOODSERVICE WYPALL
X50 BLUE (51636)
Packed 200

If you've been using either laundered towels or cloth rags for foodservice prep, it's time to make the switch to Wypall X50 cloths - they are a hygienic alternative. WypAll X50 are heavy duty cloths, with high-tech HydroKnit fast-absorbing material. WypAll X50 premium foodservice prep cloths are made of soft pulp fibers, bonded to a polypropylene base sheet for absorbency and tear resistance. They're suitable for removing dirt, oil, and grime in foodservice industries. They feature a textured surface, which helps efficiently pick up food particles. Plus, they come conveniently and compactly packaged in a quarterfold format (an alternative to a box of rags) and are so sturdy that they can often be used more than once (once you've used them a few times, they're disposable).

WypAll X50 are durable, absorbent cloths that stay strong for cleaning performance; features textured surface to pick up food particles

Each foodservice towel measures 12.5" x 23.5" (unfolded) cleans oil, dirt, grime and solvents; Comes quarterfolded for easy storage and boxed to keep the wipes clean

The wicking power of HydroKnit picks up water almost instantly, and hangs on for fewer drips. Laundered shop rags can't match that kind of performance.

Sturdy enough for extended use and may be machine washed

DISPOSABLE TABLETOP

COVID-19 is going to change the way restaurants operate. In an effort to improve sanitation, restaurants will have to switch to all disposable cutlery, table covers and napkins.

Custom Print Paper Menu

Disposable Paper Menus will provide peace of mind and prevent disease transmission.

PROTECT YOUR CUSTOMERS, PROTECT YOUR STAFF

Let us help you arm your space against the spread of harmful germs and elements. Now more than ever, it's crucial to ensure that staff and customers are protected from airborne contaminants. We now carry protective barriers suitable for counters, work spaces and table areas.

RESTAURANT CLEAR PARTITION USA

Designed to separate areas of close contact between individuals and provide your guests or employees a safe and comfortable space to live, dine or work. Made in the USA.

- **Shield Against Airborne Contaminants**

Partitions prevent the spread of airborne contaminants and viruses, improving safety and comfort in close-proximity spaces.

- **Minimally Intrusive Design**

Clear PVC design allows full visibility through the partition and creates a sound barrier between users, without being a distraction or focal point in your space.

- **Easy to Clean & Safe to Use**

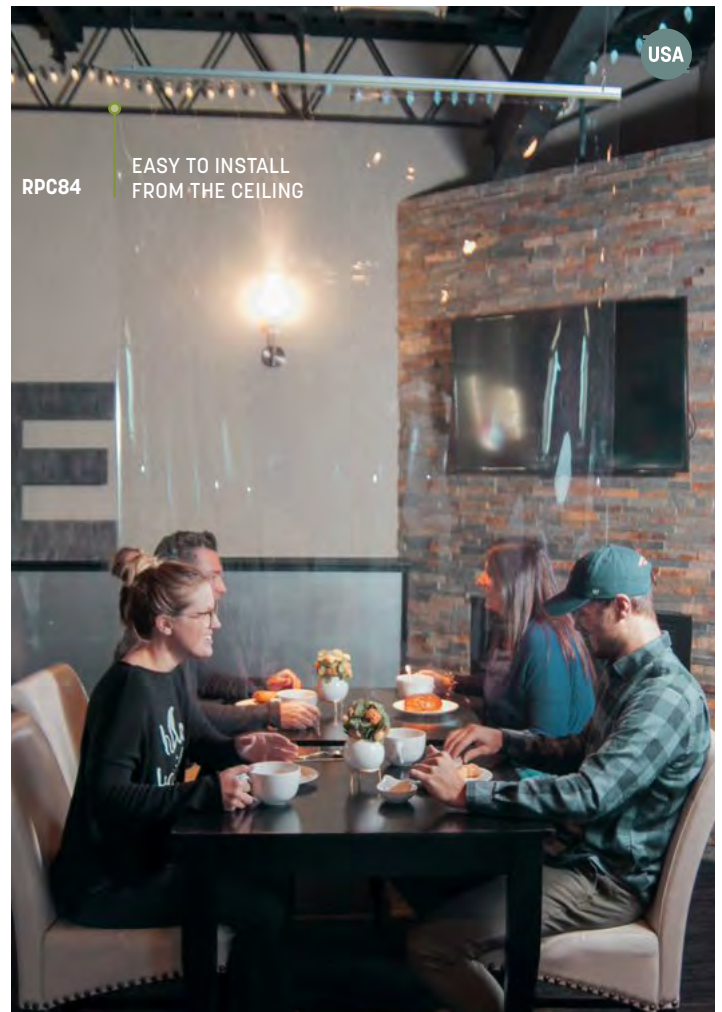

Partitions are easy to clean and sanitize between uses, and meet USDA and NFPA 701 standards, making them the safest option to protect your space.

- **Easy to Install**

Multiple ceiling mounting options ensure you can get your partition installed quickly and easily. Beam clamp and drop ceiling mount included.

RPC84

54" W x 84" H (137.2 x 213.4 cm)

HEAVY DUTY ACRYLIC COUNTER GUARD USA

Protect your counter area from all harmful contaminants. Produced from heavy-duty, easy-to-clean ¼" acrylic, this shield will not bend or bow in service. Perfect for the check-out area, hostess stand, reception counter or bar area. Unit is pre-drilled with three holes and comes with bolts and nuts for easy mounting anywhere. Made in the USA.

AG24
